

Hey Neighbor!

I was walking by and noticed you have a lovely fruit tree in your yard!

I wanted to leave you a note and let you know, in case you'd never heard of them, that there's a group in town that will come over and pick your fruit for you.

It's called the Eugene Area Gleaners, and I am a member.

If you call, text, or email the coordinator, she will set up a date and time with you to have the Gleaners come out and harvest the fruit.

You can choose to keep half of the usable harvest, or donate that half to Food for Lane County.

The Gleaner volunteers split the other half of the good fruit and some of them take the rotten fruit for chickens or compost. Either way- you get your yard cleaned for free and help your community!

Liability is covered by the The Federal Bill Emerson Good Samaritan Food Donation Act.

If you have online access, you can check us out at:

<http://eugeneareagleaners.wordpress.com/>

You can reach our Group Coordinator, Brandy, at 541-632-4153 or by emailing eugeneareagleaners@gmail.com.

Our volunteer crew answers messages as quickly as possible.

If you're interested, new members are always welcome!

Have a fantastic day!
